PRESIDENT'S MESSAGE

"FAILURE is impossible" were the inspiring words of Susan B. Anthony at her last convention. Hers was an entire life given to a cause that triumphed after her death. On her eighty-sixth birthday in a conversation with friends she is quoted as saying: "Just think of it. I have been trying for sixty years for just a little bit of justice, and yet I must die without obtaining it. It seems so cruel." But in the end she faced the future with that sublime confidence that comes to every man and woman who fights for a great cause—*failure is impossible.*

Men and women of the Class of 1934:—Be true to the ideals that you have formed in your youth. There is nothing that will give you as great satisfaction as you approach the evening of life as a realization that the things you held to be good at twenty you know to be true at fifty, sixty, and seventy.

I wish you Godspeed and give you this message: FAILURE IS IMPOSSIBLE.

RAYMOND G. BRESSLER, *President*
