The New England Technical Services Librarians ([NETSL](#)) mission is to bring together all persons in the region interested in technical services for the exchange of ideas and discussion of problems.

The **NETSL Annual Spring Conference** will be held Friday, April 17th, 2020 at the College of the Holy Cross, Worcester, MA.

We are seeking proposals for **60-minute breakout sessions** and **7-minute lightning talks** for our 2020 theme, Under Pressure: Coping with New Realities in Technical Services. Topics might include:

- strategies for handling aggregated job responsibilities
- techniques for articulating expectations and consequences
- tools for keeping the library running with limited resources
- aligning job descriptions with job actualities
- methods for navigating through constant change
- advocacy ideas for moving technical services forward as a profession.

The deadline for proposal submission is 5:00 p.m. EST on **Thursday, January 16**. Please submit your proposal using the form at <https://forms.gle/yRV4fq1iiiEsetyJ6> Presenters will be notified about proposals via email in late February.

You can see titles of past presentations since 2005 at <https://netsl.wordpress.com/netslconference>.

Please direct any questions to the NETSL Executive Board at netsl@nelib.org.
