LIVE STREAM: These presentations will be broadcast on the virtual main stage live stream. Live Q&A will take place at the end of the session block after all presentations in that block have commenced.

ON-DEMAND SESSIONS & SHORT TALKS: These presentations will be made available on-demand to all attendees at the start of the conference. The 90-minute presentation time listed for these presentations is for a text-based Q&A session between presenters and attendees.

**Session times are subject to change.*

Set It and Forget it? Librarian, Publisher, and Vendor Perspectives on why you should choose KBART Automation

Thursday, March 17, 2022 at 10:00 AM–11:30 AM Central Time (US & Canada) 

ON-DEMAND SESSION - Presenters available for live Q&A

Conference Track

1. E-Resources Management & Licensing

Abstract

KBART Automation facilitates regular, automatic updating of a library's institutional e-resource holdings from a content provider, eliminating the need to manually manage holdings in the knowledge base. In this session, you will hear the library, publisher, and vendor perspectives around this work and why your library should consider adoption.

PRESENTERS

Matthew Ragucci, Wiley

Stephanie Doellinger, OCLC, Inc.

Andrée J. Rathemacher, University of Rhode Island
