## Junior Week

May 10-13, 1923

With what fervor and enthusiasm we prepared for our Junior Week, most prominent event of all four years at Rhode Island!

On Thursday, May tenth, at three o'clock in the afternoon, a baseball game between New Hampshire State and Rhode Island ended in an 8 to 3 victory for New Hampshire.

In the evening came the event of the week, the Prom. At eight-thirty the tantalizing strains of Hardy's Tivoli Orchestra drew everyone to Lippitt Hall.

The committee responsible for its success were:

- |              |                                 |
|--------------|---------------------------------|
| Chairman     | James C. Tweedell               |
| Music        | Roy Howard                      |
| Decorations  | J. C. Ricketts, G. E. Harribine |
| Printing     | Charles Brady                   |
| Floor        | Leonard Bennett                 |
| Refreshments | Gladys Peckham                  |
| Reception    | Esther Fort                     |

On Friday evening, after a day of "recuperation" for some, and "preparation" for others, Phi Delta presented "Only 38." It was a tremendous success, and well repaid the zealous efforts of all who participated.

Saturday was Interscholastic Day, when all of the High Schools of Rhode Island were invited to be the guests of Rhode Island and participate in the Track Meet prepared for them.

The day ended with dances at the fraternity houses, which were well enjoyed.

Junior Week was over, but what unforgettable memories we had of those few days so filled with joyous pleasure!
