

Well, what can we say. The last book of the millenium. We had great sports coverage. We hit record totals with senior pictures. We had a great time doing it. However, we could have never finished this book without the help of some very important people:

*Maureen McDermott, your help as our advisor paved the way for these improvements.
Good luck next year!

*Caren Korin, possibly one of the most focused individuals ever, really whipped the staff into shape. We thank you from the bottom of our hearts.

*Norval Garnett, for four years, this staff has enjoyed your wisdom, wit and help with design.
The seniors will miss you.

*Bette Harrison, Bruce Hamilton, Scott Kilman, Dave Bascom, Bob Colman, Kim Robinson, Gemma Lanzi, Jim Miller, and other faculty and staff who made this book possible.

Thank you for your help.

*Our staff.. small but strong, thanks for your hard work :)

On that note, I'd like to close by saying again, “.. I want to thank you thank you, thank you thank you, thank you..”
