Report of Special Committee to Recommend Statements on Criteria for Increases in Rank and Salary.

Recommendations:

It is recommended that the following statements be approved and authorized for inclusion in the University Manual:

1. Manual 7th Ed., Part II. Rules and Regulations of the University
   Chapter 5. Faculty Members and Staff
      Section 3. Promotion

Delete the entire present part 3.45 (3.45.1 - 3.45.36) and replace it with the following:

3.45 Criteria for Promotion (teaching, research and extension faculties). (P. 44 of new Manual.) Promotion shall be based on the extent of "value to the University." The prime mission of a university is the discovery and dissemination of knowledge; teaching and research are therefore to be regarded as the most important criteria for promotion, with university-related professional service also considered, in lesser measure. Since faculty positions vary in designated responsibility, these criteria may be weighted differently among departments and among individual faculty members in determining value to the University. It shall be the responsibility of the department chairman and dean to determine periodically the relative importance of the criteria which shall apply and to indicate these to the individual faculty members.

2. Section 5. Salaries (Draft page 52)

Delete the present paragraph 5.6 and replace it with the following:

5.6 Merit Increase. All faculty members are also eligible for salary increases to be awarded for especially meritorious service. Merit shall be defined broadly as "value to the University." Within this definition it is to be stressed that the prime mission of a university is the discovery and dissemination of knowledge. Teaching and research are therefore to be regarded as the most important criteria for merit increases with university-related professional service also considered, in lesser measure. Since faculty positions vary in designated responsibility, these criteria may be weighted differently among departments and among individual faculty members in determining special merit or value to the University.

Respectfully submitted,

J. Knauss    R. Zorn
R. Lepper    D. Thomas, Chairman
