WASHINGTON : 1965
PREFACE

Enactment of Public Law 89–209, establishing a National Foundation on the Arts and the Humanities and constituting a landmark of historic significance in the cultural progress of our country, has created broad public interest and ever-increasing numbers of requests for information on this important legislation.

These requests have come from all parts of the United States, from cultural leaders in local communities, from State arts councils and agencies, from leading representatives of the academic world.

As chairman of the Special Subcommittee on Arts and Humanities, I have directed that the questions most frequently asked be compiled in easily readable form, together with the pertinent answers. Accompanied by the full text of the act, these questions and answers should provide an appropriate reference for information, helpful to members of the Committee on Labor and Public Welfare and Members of the Senate.

In this regard, I wish to pay special tribute to the members of the subcommittee who have labored long and valiantly with me in the evolution of this legislation: Senators Ralph Yarborough, ranking majority member of the subcommittee; Harrison A. Williams, Jr., Joseph S. Clark, and Edward M. Kennedy; and Senators Jacob K. Javits, ranking minority member of the subcommittee, and George Murphy. Senator Javits can well be called the congressional pioneer of this legislation. Senator Yarborough's wisdom and experience in this field precedes my own. Senator Clark initiated important concepts found in the act.

I would also like to pay particular tribute to the great wisdom and leadership of Senator Lister Hill, chairman of the Committee on Labor and Public Welfare.

It should also be noted that Senator Ernest Gruening greatly contributed to the evolution of S. 1453 on which the public law is based. Along with Senator Javits and myself, Senator Gruening sponsored closely related legislation during the early days of the 89th Congress.

CLAIRORE PELL,
Chairman, Special Subcommittee on Arts and Humanities of the Committee on Labor and Public Welfare.
Question: How is the new Foundation structured?
Answer: The Foundation—established as a new independent agency—has two major branches, called Endowments: a National Endowment for the Arts and a National Endowment for the Humanities. Each Endowment is given guidance and advice by Councils of private citizens, appointed by the President. In the case of the Arts Endowment, the advisory body is the National Council on the Arts, established during 1964 by Public Law 88-579 and now under the chairmanship of Roger L. Stevens. The new act increases this Council's membership by 2, so that it will be composed of 26 private citizens plus its Chairman. The structure for the Humanities Endowment is exactly parallel, with a new National Council on the Humanities established under Presidential appointment and also consisting of 26 members plus the Chairman. In each case the Council Chairman serves as the chief executive officer of the Endowment. There is also provision for coordination between the two Endowments and with related Federal bureaus and agencies, so that there can be maximum opportunity for cooperative activities and so that duplication of effort can be prevented.

Question: How is this coordination provided?
Answer: Through a Federal Council on the Arts and the Humanities.

Question: Who are the members of the Federal Council?
Answer: There are nine members, as follows:
- The Chairman of the National Endowment for the Arts;
- The Chairman of the National Endowment for the Humanities;
- The U.S. Commissioner of Education;
- The Secretary of the Smithsonian Institution;
- The Director of the National Science Foundation;
- The Librarian of Congress;
- The Director of the National Gallery of Art;
- The Chairman of the Commission of Fine Arts; and
- A member designated by the Secretary of State (to include the Department's international experience in cultural and educational affairs).

Question: Why is the Director of the National Science Foundation included on the Federal Council on the Arts and the Humanities?
Answer: The definition of the humanities in the act includes those aspects of the social sciences—such as sociology, for example—which relate to the study of man in relation to his environment. The National Science Foundation provides, through a small part of its total budget, some support for studies and research related to these areas. Duplication of effort can thus be avoided by establishing cooperation with NSF through its Director.
Question: How is the new Foundation funded?

Answer: Each Endowment is authorized $5 million for each of 3 fiscal years, 1966, 1967, and 1968. After this the authorizations would be subject to review by the Congress.

Question: Is this the total amount of funding possible?

Answer: By no means. A major objective of the legislation is to stimulate private philanthropy for cultural endeavors and State activities to benefit the arts. For these purposes an additional annual maximum of $5 million for the Humanities Endowment and $2.25 million for the Arts Endowment are authorized to match funds donated from private sources; and $2.75 million is authorized for the Arts Endowment to enable each of the States (55 entities in all, including the District of Columbia and outlying areas) having a State arts agency to receive an annual grant of up to $50,000 on an even matching basis. States without such an agency are eligible to receive a one-time grant of up to $25,000—without matching requirements—from these earmarked State funds. The grant would allow a State to conduct a survey leading to the establishment of a State agency for the arts and enable it to qualify for a $50,000 matching grant in subsequent years.

Question: What groups are eligible for financial assistance?

Answer: Any group shall be eligible for financial assistance if (1) no part of its net earnings inures to the benefit of any private stockholder or stockholders, or individual or individuals, and (2) donations to such group are allowable as a charitable contribution under the standards of subsection (c) of section 170 of the Internal Revenue Code of 1954.

Question: Are museums included in the term “group”?

Answer: Yes, museums are specifically included.

Question: We propose to remodel a building in order to convert it into a community cultural center for plays and concerts. Can we seek financial assistance from the Arts Endowment?

Answer: Yes. Grants-in-aid for construction, including remodeling and repairs, are authorized under the law. It should be noted, however, that funds for all purposes are limited, and final decision as to priorities has been left to the wisdom of the National Council on the Arts ($10.7 million has been appropriated for the Foundation’s beginning activities, including administrative costs).

Question: Are there protections against domination and control of the arts and the humanities by either of the respective Chairmen?

Answer: Yes. There is a system of checks and balances built into the law:

First, section 4(c) expressly prohibits Federal control.

Second, the National Council on the Arts, composed of private citizens who are broadly knowledgeable and experienced in the arts, must advise the Chairman of the Arts Endowment on policy and procedures, and must make recommendations on applications for assistance. The Council may make annual reports to the President and the Congress, separately from the required annual report of the Chairman.

Third, the National Council on the Humanities, composed of private citizens chosen on the basis of distinguished service and scholarship or creativity, serves in relationship to the Chairman of the Humanities Endowment in precisely the same manner.
Question: Where do we apply for a grant?

Answer: To the Chairman of the National Endowment for the Arts, or the Chairman of the National Endowment for the Humanities, depending on the nature of the application, who are authorized to carry out grants-in-aid programs. It is implicit in the law that the procedures and criteria shall be guided by the two Councils of private citizens—the National Council on the Arts and the National Council on the Humanities.

Question: May a State, with Federal matching funds, jointly with one or more other States, support projects of a regional nature in the arts?

Answer: Yes. One of the purposes of the act specifies support for the advancement of cultural progress by “local, State, regional, and private agencies.”

Question: Is an applicant required to go through a State agency?

Answer: No. Under the law any application may be made directly to the National Endowment for the Arts. It is assumed, however, that as State programs are developed, there will be cooperation between the local and private groups in an individual State and the designated State agency.

Question: What are the general guidelines for the activities which the National Endowment for the Arts will support?

Answer: They are very broad in scope and include the following:

1. Productions which have substantial artistic and cultural significance, giving emphasis to American creativity and the maintenance and encouragement of professional excellence;
2. Productions, meeting professional standards or standards of authenticity, irrespective of origin which are of significant merit and which, without such assistance, would otherwise be unavailable to our citizens in many areas of the country;
3. Projects that will encourage and assist artists and enable them to achieve standards of professional excellence;
4. Workshops that will encourage and develop the appreciation and enjoyment of the arts by our citizens; and
5. Other relevant projects, including surveys, research, and planning in the arts.

Question: May a State arts council, a community arts council, or other appropriate State or local agency, apply for a grant now?

Answer: Yes; applications may be submitted for appropriate processing. For States to receive grants under the earmarked allocations, applications must be filed prior to the first day of the fiscal year in which such grant will be made. Funds under this earmarked program could not be available prior to July 1, 1966.

Question: Must all grants to groups be limited to 50 percent of the total cost?

Answer: No; but in most cases 50 percent is the maximum ceiling on a grant to a group from the National Endowment for the Arts. Not more than 20 percent of the funds allotted to support projects and productions may be reserved for grants without regard to the 50–50 matching limitation and evidence must be submitted that the sponsoring group has attempted to obtain its share of the cost of the production or project. The National Endowment for the Humanities is not required to make grants on a matching basis.
**Question:** What is the function of the National Endowment for the Humanities?

**Answer:** To develop and encourage scholarship, and research in and greater public understanding of the humanities.

**Question:** What is the function of the National Council on the Humanities?

**Answer:** It shall advise the Chairman of the National Endowment for the Humanities with respect to policies, programs, and procedures, and must make recommendations with respect to all applications. Its broad function may be compared to that of a board of directors of a corporation. The same concept applies to the National Council on the Arts.

**Question:** What is the function of the Federal Council on the Arts and the Humanities?

**Answer:** To advise and consult with the two Endowment Chairmen; to assist in the coordination of the work of the two Endowments; to coordinate the programs of the Foundation with related programs of other Federal agencies; to plan and coordinate appropriate participation in major and historic national events; and to divide appropriately, between the two Endowments, such gifts as may be directed to the Foundation, rather than to one of its two endowments.

**Question:** What are the guidelines for activities to be supported the National Endowment for the Humanities?

**Answer:** As with the Arts Endowment's guidelines, they are broad in concept and include authorization to—

1. develop and encourage the pursuit of a national policy for the promotion of progress and scholarship in the humanities;
2. initiate and support research and programs to strengthen the research potential of the United States in the humanities by making arrangements (including grants, loans, and other forms of assistance) with individuals or groups to support such activities;
3. award fellowships and grants to institutions or individuals for training and workshops in the humanities. Fellowships awarded to individuals under this authority may be for the purpose of study or research at appropriate nonprofit institutions selected by the recipient of such aid, for stated periods of time;
4. foster the interchange of information in the humanities;
5. foster, through grants or other arrangements with groups, public understanding and appreciation of the humanities; and
6. support the publication of scholarly works in the humanities.

**Question:** What subjects does the term "humanities" include?

**Answer:** As defined in the act; the term "humanities" includes the study of the following: "Language, both modern and classic; linguistics; literature; history; jurisprudence; philosophy; archeology; the history, criticism, theory, and practice of the arts; and those aspects of the social sciences which have humanistic content and employ humanistic methods."

**Question:** How are the arts defined in the legislation?

**Answer:** As in the case of the humanities definition, the definition of the arts is intended to be as comprehensive as possible. The term "the arts" includes the following: "music (instrumental and vocal); dance, drama, folk art, creative writing, architecture and allied fields."
painting, sculpture, photography, graphic and craft arts, industrial
design, costume and fashion design, motion pictures, television, radio,
tape and sound recording, and the arts related to the presentation,
performance, execution, and exhibition of such major art forms.”

Question: Will governmental assistance to the arts diminish the
amounts of private funding available for their support?

Answer: Experience shows that quite the opposite is true. Perhaps
the best example to demonstrate that governmental support for the
arts serves to stimulate private funding is found in the 4-year history
of the New York State Council on the Arts. During its first year
(1961–62) the Council operated with a budget of $450,000, over 70
percent of which was supplied by its State appropriation, the remainder
coming from private sources. During 1964–65 the ratio was entirely
reversed, with almost 75 percent of a larger budget ($562,000) coming
trom private funding and the remainder from the State. During
the same period the number of communities served by the council
doubled, from 46 to 92; the number of performances assisted by the
council tripled, from 92 to 277; and the number of touring companies
supported by the council increased almost twelvefold, from 6 to 71.
TEXT OF PUBLIC LAW 89–209, 89TH CONGRESS, S. 1483, SEPTEMBER 29, 1965

AN ACT To provide for the establishment of the National Foundation on the Arts and the Humanities to promote progress and scholarship in the humanities and the arts in the United States, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Foundation on the Arts and the Humanities Act of 1965".

DECLARATION OF PURPOSE

Sec. 2. The Congress hereby finds and declares—

(1) that the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter for private and local initiative, is also an appropriate matter of concern to the Federal Government;
(2) that a high civilization must not limit its efforts to science and technology alone but must give full value and support to the other great branches of man's scholarly and cultural activity;
(3) that democracy demands wisdom and vision in its citizens and that it must therefore foster and support a form of education designed to make men masters of their technology and not its unthinking servant;
(4) that it is necessary and appropriate for the Federal Government to complement, assist, and add to programs for the advancement of the humanities and the arts by local, State, regional, and private agencies and their organizations;
(5) that the practice of art and the study of the humanities requires constant dedication and devotion and that, while no government can call a great artist or scholar into existence, it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry but also the material conditions facilitating the release of this creative talent;
(6) that the world leadership which has come to the United States cannot rest solely upon superior power, wealth, and technology, but must be solidly founded upon worldwide respect and admiration for the Nation's high qualities as a leader in the realm of ideas and of the spirit; and
(7) that, in order to implement these findings, it is desirable to establish a National Foundation on the Arts and the Humanities and to strengthen the responsibilities of the Office of Education with respect to education in the arts and the humanities.

(b) The purpose of the Foundation shall be to develop and promote a broadly conceived national policy of support for the humanities and the arts in the United States pursuant to this Act.

(c) In the administration of this Act no department, agency, officer, or employee of the United States shall exercise any direction, supervision, or control over the policy determination, personnel, or curriculum, or the administration or operation of any school or other non-Federal agency, institution, organization, or association.

ESTABLISHMENT OF THE NATIONAL ENDOWMENT FOR THE ARTS

SEC. 5. (a) There is established within the Foundation a National Endowment for the Arts.

(c) The Chairman, with the advice of the Federal Council on the Arts and the Humanities and the National Council on the Arts, is authorized to establish and carry out a program of grants-in-aid to groups or, in appropriate cases, to individuals engaged in or concerned with the arts, for the purpose of enabling them to provide or support in the United States—

1. productions which have substantial artistic and cultural significance, giving emphasis to American creativity and the maintenance and encouragement of professional excellence;

2. productions, meeting professional standards or standards of authenticity, irrespective of origin which are of significant merit and which, without such assistance, would otherwise be unavailable to our citizens in many areas of the country;

3. projects that will encourage and assist artists and enable them to achieve standards of professional excellence;

In lieu of receiving compensation at the rate prescribed by section 6(c) of such Act, such individual serving as Chairman of the National Council on the Arts and Chairman of the National Endowment for the Arts shall receive compensation at the same rate prescribed by law for the Director of the National Science Foundation.

(2)(A) The first sentence of section 6(b) of the National Arts and Cultural Development Act of 1964 is hereby amended to read as follows: "The term of office of the Chairman shall be four years, and the Chairman shall be eligible for reappointment."
(B) The amendment made by clause (A) of this paragraph shall be applicable with respect to the Chairman holding office on the date of enactment of this Act and each Chairman holding office thereafter.

(f) The total amount of any grant to any group pursuant to subsection (c) of this section shall not exceed 50 per centum of the total cost of such project or production, except that not more than 20 per centum of the funds allotted by the National Endowment for the Arts for this purpose for any fiscal year may be available for such grants in that fiscal year without regard to such limitation in the case of any group which submits evidence to the Endowment that it has attempted unsuccessfully to secure an amount of funds equal to the grant applied for by such group, together with a statement of the proportion which any funds it has secured represent of the funds applied for by such group.

(g) Any group shall be eligible for financial assistance pursuant to this section only if (1) no part of its net earnings inures to the benefit of any private stockholder or stockholders, or individual or individuals, and (2) donations to such group are allowable as a charitable contribution under the standards of subsection (c) of section 170 of the Internal Revenue Code of 1954.

(h) (1) If the Chairman, with the advice of the Federal Council on the Arts, together with the Humanities and the National Council on the Arts, is authorized to establish and carry out a program of grants-in-aid to assist the several States in supporting existing projects and productions which meet the standards enumerated in section 5(c) of this Act, and in developing projects and productions in the arts in such a manner as will furnish adequate programs, facilities, and services in the arts to all the people and communities in each of the several States.

(2) In order to receive such assistance in any fiscal year, a State shall submit an application for such grants prior to the first day of such fiscal year and accompany such application with a plan which the Chairman finds—

(A) designates or provides for the establishment of a State agency (hereinafter in this section referred to as the "State agency") as the sole agency for the administration of the State plan, except that in the case of the District of Columbia the Recreation Board shall be the "State agency";

(B) provides that funds paid to the State under this subsection will be expended solely on projects and productions approved by the State agency which carry out one or more of the objectives of subsection (c); except that in the case of the first fiscal year in which the State is allotted funds after the enactment of this Act, a plan may provide that not to exceed $25,000 of such funds will be expended to conduct a study to plan the development of a State agency (herein­after in this Act referred to as "State agency") as the sole agency for the administration of the State plan, except that in the case of the District of Columbia the Recreation Board shall be the "State agency";

(C) provides that the State agency will make such reports, in such form and containing such information, as the Chairman may from time to time require.

(3) The funds appropriated pursuant to section 11(c) for any fiscal year shall be equally allotted among the States.

(4) The amount of each allotment to a State for any fiscal year under this subsection shall be available to each State, which has a plan approved by the Chairman in effect on the first day of such fiscal year, to pay not more than 50 per centum of the total cost of any project or production described in paragraph (1), and to pay up to 100 per centum of the cost of conducting a study and establishing a State agency under paragraph (2)(B) of this subsection.

(5) All amounts allotted under paragraph (3) for a fiscal year which are not granted to a State during such year shall be available at the end of such year to the National Endowment for the Arts for the purpose of carrying out section 5(c) to the extent that the value of gifts, bequests, and devises received by the Endowment under section 10(a)(2) exceeds amounts appropriated under the authority of section 11(b).

(i) Whenever the Chairman, after reasonable notice and opportunity for hearing, finds that—

(1) a group is not complying substantially with the provisions of this section;

(2) a State agency is not complying substantially with the terms and conditions of its State plan approved under this section; or

(3) any funds granted to a group or State agency under this section have been diverted from the purposes for which they were allotted or paid, the Chairman shall immediately notify the Secretary of the Treasury and the
group or State agency with respect to which such finding was made that no further grants will be made under this section to such group or agency until there is no longer any default or failure to comply or the diversion has been corrected, or, if compliance or correction is impossible, until such group or agency repays or arranges the repayment of the Federal funds which have been improperly diverted or expended.

(j) It shall be a condition of the receipt of any grant under this section that the group or individual or the State or State agency receiving such grant furnish adequate assurances to the Secretary of Labor that (1) all professional performers and related or supporting professional personnel (other than laborers and mechanics with respect to whom labor standards are prescribed in subsection (k) of this section) employed on projects or productions which are financed in whole or in part under this section will be paid, without subsequent deduction or rebate on any account, not less than the minimum compensation as determined by the Secretary of Labor to be the prevailing minimum compensation for persons employed in similar activities; and (2) no part of any project or production which is financed in whole or in part under this section will be performed or engaged in under working conditions which are unsanitary or hazardous or dangerous to the health and safety of the employees engaged in such project or production. Compliance with the safety and sanitary laws of the State in which the performance or part thereof is to take place shall be prima facie evidence of compliance. The Secretary of Labor shall have the authority to prescribe standards, regulations, and procedures as he may deem necessary or appropriate to carry out the provisions of this subsection.

(k) It shall be a condition of the receipt of any grant under this section that the group or individual or the State or State agency receiving such grant furnish adequate assurances to the Secretary of Labor that all laborers and mechanics employed by contractors or subcontractors on construction projects assisted under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a–5). The Secretary of Labor shall have with respect to the labor standards specified in this subsection the authority to prescribe standards, regulations, and procedures as he may deem necessary or appropriate to carry out the provisions of this subsection.

The Chairman shall correlate the programs of the National Endowment for the Arts insofar as practicable, with existing Federal programs and with those undertaken by other public agencies or private groups, and shall develop the programs of the Endowment with due regard to the contribution to the objectives of this Act which can be made by other Federal agencies under existing programs.

TRANSFER OF THE NATIONAL COUNCIL ON THE ARTS

Sec. 6. (a) The National Council on the Arts, established by the National Arts and Cultural Development Act of 1964, and its functions are transferred from the Executive Office of the President to the National Endowment for the Arts.

(b) The National Council on the Arts shall, in addition to performing any of the duties and responsibilities prescribed by the National Arts and Cultural Development Act of 1964, (1) advise the Chairman with respect to policies, programs, and procedures for carrying out his functions, duties, or responsibilities pursuant to the provisions of this Act, and (2) review applications for financial assistance made under this Act and make recommendations thereon to the Chairman. The Chairman shall not approve or disapprove any such application until he has received the recommendation of the Council on such application, unless the Council fails to make a recommendation thereon within a reasonable time.

(c) The function of the Secretary of the Smithsonian Institution with respect to serving as an ex officio member of the National Council on the Arts, now derived from section 5(a) of the National Arts and Cultural Development Act of 1964, is hereby abolished.

(d) (1) The first sentence of section 5(a) of the National Arts and Cultural Development Act of 1964 is amended by striking out “twenty-four” and inserting in lieu thereof “twenty-six”.

(2) Clause (2) of the first sentence of section 5(b) of such Act is amended by inserting, immediately after “taking office”, the following: “prior to May 31, 1965.”

Fellowships awarded to individuals under this authority may be for the purpose of study or research at appropriate nonprofit institutions selected by the recipient of such aid, for stated periods of time;

(d) The Chairman shall correlate the programs of the National Endowment for the Humanities, insofar as practicable, with existing Federal programs and with those undertaken by other public agencies or private groups, and shall develop the programs of the Endowment with due regard to the contribution to the objectives of this Act which can be made by other Federal agencies under existing programs.

(e) The total amount of any grant under subsection (c)(3) to any group engaging in workshop activities for which an admission or other charge is made to the general public shall not exceed 30 per centum of the total cost of such activities.

Sec. 8. (a) There is established in the National Endowment for the Humanities a National Council on the Humanities.

(b) The Council shall be composed of the Chairman of the National Endowment for the Humanities, who shall be the Chairman of the Council, and twenty-six other members appointed by the President from private life. Such members shall be selected on the basis of distinguished service and scholarship or creativity and in a manner which will provide a comprehensive representation of the views of scholars and professional practitioners in the humanities and of the public throughout the United States. The President is requested in the making of such appointments to give consideration to such recommendations as may from time to time be submitted to him by leading national organizations concerned with the humanities.

(c) Each member shall hold office for a term of six years, except that (1) the members first taking office shall serve, as designated by the President, nine for terms of two years, nine for terms of four years, and eight for terms of six years, and (2) any member appointed to fill a vacancy shall serve for the remainder of the term for which his predecessor was appointed. No member shall be eligible for reappointment during the two-year period following the expiration of his term.

(f) The Council shall (1) advise the Chairman with respect to policies, programs, and procedures for carrying out his functions, and (2) shall review applications for financial support and make recommendations thereon to the Chairman. The Chairman shall not approve or disapprove an application until he has received the Council's recommendation unless the Council fails to make a recommendation on the application within a reasonable time.

ESTABLISHMENT OF THE FEDERAL COUNCIL ON THE ARTS AND THE HUMANITIES

Sec. 9. (a) There is established within the Foundation a Federal Council on the Arts and the Humanities.

(b) The Council shall be composed of the Chairman of the National Endowment for the Arts, the Chairman of the National Endowment for the Humanities, the United States Commissioner of Education, the Secretary of the Smithsonian Institution, the Director of the National Science Foundation, the Librarian of Congress, the Chairman of the Commission of Fine Arts, and a member designated by the Secretary of State. The President shall designate the Chairman of the Council from among the members. The President is authorized to change the membership of the Council from time to time as he deems necessary to meet changes in Federal programs or executive branch organization.

(c) The Council shall—
