5. BASIS FOR ESTIMATE: This estimate is based on the authorization levels, where stated in _______, legislative intent where the authorization is "such sums as may be necessary", and National Foundation on the Arts and Humanities projections of outlays.

   For FY 79-80, where such sums as may be necessary have been authorized, the legislative intent is that at least $300 million be authorized during that period. Outlays for all the authorizations are estimated to be spent out at 60 percent the first year, 30 percent the second year, and 10 percent during the third year. The table below delineates authorization levels and outlays.
