Professor Elizabeth W. Crandall
Chairman, Faculty Senate
Quinn Hall, Campus

Dear Liz:

I am approving Serial Number 95, passed by the Faculty Senate on April 14. The first part of this bill concerns certain matters regarding courses not being offered. This provides that the registrar must furnish list of courses to the CCA. I assume you will convey to Mr. Farrell the detailed information about when and in what form you wish this report. The CCA is further instructed to "notify the appropriate department chairmen and academic deans of the courses under their jurisdiction that are on the list." I assume you will take the necessary steps to assure that this is done annually.

The legislation provides for exceptions to be passed upon upon application, the decision to be rendered by the CCA. The bill does not provide for what happens thenceforward, but I suppose that some notification is given to the editor of the University Catalog to remove the offending courses from the list. Once again, I must assume that you, as chairman of the Faculty Senate, will take the necessary steps to see that this bill is implemented properly.

Cordially,

Francis H. Horn
President
