Report of Committee on Educational Procedures and Facilities

I. Instructor's Report (University Manual, 7th ed., p. 58, 1.07.6)

A. Charge

To resolve the discrepancy between the statement in the University Manual on the Instructor's Report, i.e., submission of grades following the final examination, and the current practice of a 48-hour submission deadline after all examinations.

B. Recommendation

The statement in the University Manual 7th. ed., p. 58, 1.07.6 be changed to agree with the following recommendations.

1. To allow 96 hrs. for submission of marks to the Registrar following the scheduled final examination time.
   NOTE: This period would be reduced to 72 hrs. for examinations given on the last day of the exam period, and 48 hours for exams given on the last day.

2. The exam schedule of the final day of exams should be rotated to no person or group of persons be continually penalized by having to submit marks in 48 hrs.

3. Large class examinations should be scheduled in the early part of the exam period.

4. Unusual circumstances regarding examinations should be called to the attention of the respective College Dean and the Registrar so appropriate arrangements can be made.

C. Comment

An increase in the time period for the submission of final exam marks seems desirable, especially with respect to allowing for a more reasonable period of time to grade, calculate, and record marks for large examination groups. Also, the type of exam given may be dictated, to some degree, by this period of time.

Correspondence and conversations between Vice President James, Mr. Farrell, Dr. Elizabeth Crandall and our Committee indicate these recommendations to be reasonable and workable.
