Report of Honors Program Committee

Committee Recommendations requiring Faculty Senate approval

I. To clarify and remove ambiguities from section 1.15.3(e) of the University Manual (pp 64-65) which reads,

"The following aspects of the honors program shall apply to all participants. (a). . . (e) Opportunity to take courses at the graduate level during the senior year for graduation credit or for graduate credit in excess of undergraduate degree requirements."

Recommendations

1. Amendment of the language of the Senate's September 1963, regulation to include the clause "except as provided for senior honors program students as outlined in rule 1.15.3(e) (pp 64-65) of the University Manual."

2. Amendment to section 1.15.3 of the University Manual (pp 64-65) changing the term "graduate credit" to "graduate credits". (This change will make it clear that senior honors students availing themselves of this privilege have not thereby qualified for graduate degree candidacy at the University of Rhode Island but have simply taken certain graduate level courses "in excess of undergraduate degree requirements.""

III. The Honors Program Committee recommends:

that Honors Colloquium I & II be considered a "free unattached elective" in the context of the pass/fail option.
