Subject selectors will complete this form as requested, assessing library materials and collections as detailed below. Send one copy of the assessment to the faculty member who requested it. Send one copy of the assessment to the Collection Management Officer.

Course: BPS 306X Essential Pharmacokinetic Concepts and Clinical Drug Response

Department, College: Biomedical & Pharmaceutical Science, Pharmacy

Faculty Member: Sara Rosenbaum

Date returned to Faculty: 8 March 2016

Librarian Completing Assessment: Robin B. Devin

Collection Management Officer: Joanna M. Burkhardt

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?
   Since this course is designed to cover material already covered in more depth by existing courses adequate library holdings already exist.
2. Does URI have the essential journals as noted in the Faculty Questionnaire?
   No essential journals are noted in the Faculty Questionnaire.
3. What new resources are required to support the course (including media, electronic, or other non-print materials)?
   No new resources are required.
4. What information mastery sessions will be required for the students?
   Since no library research is required in this course no information mastery sessions will be needed.
5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?
   There are no new costs associated with this course.
