Bill 132

Request for funds to finance preparation of the University Manual for publication.

The Faculty Senate requests that funds be made available to finance consultants services for the purpose of indexing, renumbering and preparing the University Manual for publication.

Comments: In preparing the Eighth Edition of the University Manual for publication, the Manual Committee reached the following decisions:

1. The eighth edition be printed in bound form with provisions for reprinting every two years.

2. A single and uniform numbering system be used throughout the Manual.

3. The Manual be completely re-indexed.

4. The final preparation of the Manual prior to publication be carried out by the Publications Office under the direction of a qualified faculty member.

In view of the extensive amount of work which is required in preparing the Manual for publication, it is the opinion of the Manual Committee that the individual or individuals directly involved in the organization of the Manual format and the incorporation of all revisions be reimbursed proportionately in terms of the time required to complete the task.
