That the Administration reaffirm the policy that all items purchased from Federal grant and contract funds be secured from the vendor, whose selection has been based upon the choice and justification of the principal investigator. Such a policy shall not preclude the Business Manager or the Coordinator of Research or their designates from reviewing the items requested or the selection of the vendor; however, the University Administration will not change the items requested or the vendor without the permission of the principal investigator.

Professor Walter C. Mueller  
Faculty Senate  
Watson House, Campus  

Dear Walter:  

I am herewith returning, disapproved, Senate Bill #69-70-50 D, titled "Purchasing Practices."

This Bill is disapproved because it would enact a "law" which would prevent the Vice President for Business Affairs from carrying out the responsibilities expected of him by the United States Government, the Board of Regents, and me.

I have asked Vice President O'Connell to discuss with the principal investigator any changes in vendor or item, and he has agreed to do so. He informs me, incidentally, that it is exceedingly unlikely that an item would ever be changed; he knows of no case where this has been done.

I trust the Senate will understand why we cannot formally place into the hand of the principal investigator the right to determine the vendor.

Cordially,

Werner A. Baum  
President
