Re: Faculty Senate Bill 76-77--2 Report of the Ad Hoc Committee on  
Assignment of Instructors by the Division of University Extension:  
Paragraphs 1-4 of Recommendation for Inclusion into the University Manual  

Dear Dan:  

I am approving the above bill but I request that if the Constitution,  
Bylaws and University Manual Committee plans to make any substantive  
changes for inclusion in the University Manual, I be involved in the preliminary discussions, before the Committee goes to the Senate with these changes.  

The important concept behind this bill is, of course, the University's continuing commitment to find the best qualified faculty in terms of academic standards and ability to respond to adult and non-traditional student needs.  

Sincerely,  

Frank Newman

REPORT OF THE AD HOC COMMITTEE ON THE ASSIGNMENT OF INSTRUCTORS  
BY THE DIVISION OF UNIVERSITY EXTENSION  
(Amended)  

Recommendation: In personnel matters relating to the appointment of full-time or part-time faculty to teach for extra compensation in the Division of University Extension, departments of interest shall have primary authority. Departments shall assign all such faculty initially (at the time course schedules are devised). Departmental assignments shall be reviewed by appropriate college deans according to such procedures as colleges shall specify. With the approval of appropriate college deans, departments may delegate faculty assignment in individual classes to the Dean of the Division of University Extension.  
The department staffing assignments of full or part-time faculty teaching for extra compensation in the Division of University Extension may be rejected by the Dean of the Division of University Extension upon written explanation of cause to the department. If such explanation is accepted, a department shall reassign the affected class(es). In the event of irreconcilable disagreement involving a department, the appropriate college dean, and/or the Dean of the Division of University Extension, the issue shall be resolved by the Vice President for Academic Affairs.  
The Dean of the Division of University Extension in cooperation with departments shall determine lists of Extension offerings. The Dean of the Division of University Extension shall, in consultation with the appropriate Department Chairperson and College Dean, determine time and place of offerings and establish minimum enrollments for Extension classes. Immediately upon cancellation of under-enrolled classes, the Dean of the Division of University Extension shall notify departments of such cancellation.  
All departments offering courses in the Division of University Extension shall devise written procedures applying to initial Extension faculty assignments. Such procedures shall include provisions for determining priority of assignment within the department and priorities involving URI faculty and non-URI part-time faculty. These procedures shall be approved by appropriate college deans and provided to the Dean of the Division of University Extension. Integrity of academic programs and professional qualification of faculty shall be paramount considerations in devising and applying these procedures.
