URBAN CURRICULAR REPORT FROM THE GRADUATE COUNCIL TO THE FACULTY SENATE - Report No. 1978-79-10

The responsibility for the administration of the program will rest with a coordinator who will be chosen for a three-year term and will alternate between the Department of English and the Department of Languages. The coordinator will be chosen by the Advisory Committee in consultation with the Chairman of the Departments of English and of Languages, the Dean of the College of Arts and Sciences and the Dean of the Graduate School.

No additional staff are required to implement the MA Program in Comparative Literature.

There are only three new courses in the program; at the beginning of the program only one CLS course will be taught each semester. The department responsible for offering the course will limit that semester to a regularly scheduled course. The pool of faculty between the two departments is large enough to make this reasonable and to shoulder a burden that could not be borne easily by a single department.

The CLS Program will incur no unnecessary outside library expenses. Holding in the national libraries have to be kept up regardless of a CLS Program. Any acquisitions in CLS would be an important supplement for the national literatures.

The Graduate School has promised funds for advertising this program. All other net administrative costs, including postage, telephone, stationery, etc., are estimated at not more than $1,200 per year.

b. Add (new)

CLS 510 Introduction to Comparative Literature 1 or II.3
Theoretical and practical concerns of Comparative Literature: its nature and scope, methods, bibliography, and special problems. (Lec 3) Pre: Graduate standing or permission of department. Staff

CLS 520 Literary Theory and Criticism 1 and II.3
Metacriticism: Literary criticism as theory and practice and the relationship between literary and critical discourse. (Lec 3) Pre: Graduate standing or permission of department. May be repeated once with a change of topic. Staff. Topic of first offering of course: "The Role of History in Critical Theory". Lefevre

CLS 530 Approaches in Comparative Literature 1 or II.3
Study of theme/myth, movement/era, genre/forms in two or more literatures, or interrelationships with other disciplines. (Lec 3) Pre: Graduate standing or permission of department. Staff. May be repeated once with a change of topic. Topic for first offering of course: "The 'Decadence' in Literature and the Visual Arts". Lee

FACULTY SENATE

CONSTITUTION, BY-LAWS AND UNIVERSITY MANUAL COMMITTEE REPORT #1978-79-3

Sections 8.62.10 through 8.62.20 of the University Manual

In response to recommendations on late registration fee proposed by the Registrar's Advisory Committee and endorsed by the Council of Deans, the Faculty Senate Executive Committee requested that the CBUM Committee recommend to the Faculty Senate appropriate changes in the University Manual.

A. Recommendation:

The CBUM Committee recommends that the Faculty Senate delete present section 8.62.10 of the University Manual and replace the section with the following new 8.60.15:

8.60.15. A late registration fee shall be charged unless excused by the Registrar.

Rationale: The CBUM Committee believes that the section on late registration fees more appropriately belongs under Registration Procedures (8.60.10 - 8.60.14). The new wording allows the Registrar to implement the following new procedures on late registration fee:

Late Registration Fee

1. The late registration fee apply to the academic year on the Kingston campus only. The fee will not be assessed for any registrations processed through the Division of University Extension, including the Summer Session.

2. In order to provide registration service on Registration Day to those students who have day-time employment, Registration Day will be extended by permitting entry to Keeney until 6:00 p.m. Faculty processing of registrations in Keeney will be extended to continue until at least 7:00 p.m.

3. The late registration fee be assessed to all matriculated students beginning the first day of classes and continuing as follows:

   a) $15 during the week in which Registration Day falls;
   b) $50 thereafter.

4. Continuous Registration (CRG) requests received in the mail will be dated according to the postmark and the late registration fee will be assessed accordingly.

5. After the end of the "add" period, approval to register will not be granted by the academic dean except in response to extenuating circumstances.
