0.20.50 Major Fields of Study. An undergraduate student's concentrated field of study in a degree-granting college shall be the student's "major"; University College students may have a "preferred major." The major field of study for graduate students shall be the student's "program." An "option" is a recognized path toward a major. Curricular requirements for majors and programs are defined in the University Bulletins. A student's major(s) or program(s) will be listed on the student's permanent academic record after graduation.

0.20.60 Minor Fields of Study. Undergraduate students may declare a "minor" field of study separate from their "major." Requirements for a minor may be satisfied by 1) completion of eighteen or more credits offered within a department and approval of the department chairperson, or 2) completion of eighteen or more credits of related studies offered by more than one department and approved by a member of the faculty competent in the minor area of study and the dean of the college. A student's approved minor(s) will be listed on the student's permanent academic record after graduation.
