I. ACADEMIC PROGRESS FOR FRESHMEN

A. Recommendation

The Academic Standards and Calendar Committee recommends approval of the following new section 8.54.20 of the UNIVERSITY MANUAL:

8.54.20 Reporting of Records: Academic Progress for Freshmen. Reports of S (Satisfactory), S- (Marginal), or U (Unsatisfactory) shall be made to the Registrar on the prescribed forms not later than mid-semester. The Registrar will prepare for the appropriate instructor a roster listing every properly registered freshman student in every section. The instructor shall submit a report to the Registrar for each student whose name appears on the roster. These reports will be mailed by the Registrar to the students' local address with a copy forwarded to University College. These reports are intended to alert students to their academic status and to aid in advising, but will not become part of the students' permanent academic record nor figure in their quality point average.

B. Background and Rationale

1. Our current "early warning system" had been reasonably effective in identifying those beginning students who are in academic difficulty, but many students are missed by this informal system.

2. Since students may be dismissed after one semester at URI, some sort of progress report is prudent both in terms of fairness and the law.

3. Mid-semester grading for freshmen is an increasing common practice at colleges and universities around the country, a practice which recognizes the freshman year as a period of transition, encourages students to take prompt corrective action, promotes good advising by making some data on the first semester available before planning the second, and provides the assessment and feedback that beginning students need. This legislation is an attempt to achieve the positive effect of mid-semester grading while emphasizing the tentative nature of the report and its usefulness for advising by separating it from the standard system.
